

DESCRIPTION

This program is approximately 2KB. It is a "chatting" program. It is far better than any other ever written for the TI-92 Plus. It is similar to many "messaging" programs. A huge advantage of my program besides ease of use, is that at any point in a session any user can disconnect and link up with a new calc (with no problems on the original calcs).

INSTALLING/USAGE

1. Send "CrossTalk.9XP" to your TI-92 Plus.
2. Run the PRGM & enter a UserID.
3. Hit 'ON' to display the menu. [If it doesn't display, then wait a few seconds to hit it again.]

VERSIONS

v1.00 (06-09-00)

Initial Public Release

FUTURE VERSIONS

Speedier Running

Possible use of Small C
